Hayes Threatens a Called Session in the Heat of Summer. Unless Congress holds over now.

WASHINGTON, D. C., Feb. 28, 79.

Ed. South Kentuckian:

If any of the Republican statesmen have flattered themselves that they were not in earnest in their determination to repeal the test oath, and deputy marshal provisions of the election law, they are very likely un- deceived by this time. The same unity, harmony and determination that pervaded the Democracy when they demanded the removal of the troops from the South, exists now in the ranks, and they mean business. To Democrats of back-bone, who be- lieve in standing square up to an ag- gressive fight against Republican en- croachments and outrages, this is one of the most encouraging signs of the times. It will not be long before the revolutionary and unconstitutional tendencies of the Republican party, and then shrink from the duty of combating them. In every election since 1874 the people have sustained the appeal of the Democracy, and vo- tered for the Democratic ticket. They have not the courage to vigorously dis- cuss upon some of this radical ma- chinery, they do not deserve further success.

This seems to be the almost inani- mous feeling here, and the battle for constitutional rights and the basis of the House in the next Congress. On Wednesday when the Legislative and Ju- dicial appropriation bill came up, the amendment repealing the test oath for jurors was attached after a short and sharp struggle. But when the next amendment, cutting off the salaries of the judges, was offered, the Republicans led by Little Hale and Garfield, announced that they would oppose it to the bitter end, and filibuster to the extent of an extra session. This opens up a debate and a parliament- ary maneuvering, and the House of Representatives will be in session for several days. Garfield in his remarks stated rather offensively that Mr. Blackman, who occupied the speaker's chair for the time being, was there to carry out the behests of the Democratic caucus, and that no mat- ter how long it took, they would not allow the House to adjourn until the Republican side they would be ruled out. The words were unparliamentary and there was a demand that they be taken down. Mr. Blackman there- upon took the floor and in very tem- perate language demanded some ex- planation of the remarks of the re- publican. This made the Democrats \$5,000 man squirm, and at last ap- peared.

The most important and impres- sive testimony relating to the South- ern election frauds yet taken by the Potter committee, is that of Gen. Sherman, who was in the South at the time of the election. He went to Florida at the request of President Grant to see a fair count. Gen. Barlow has held many positions of trust in his party and State, and is accord- ed to be a thoroughly honest, high- toned gentleman. His testimony is of great value, and it is to be hoped that the Republican side they would be ruled out. The words were unparliamentary and there was a demand that they be taken down. SOCIALITIES.

An immense crowd in town yesterday. The City Council will meet next Tuesday.

G. C. Christian, of Todd, was in the city Friday.

Yesterday was the first day of our Circuit Court.

Miss Mattie Lewis, of Elkton, is visiting Miss Mattie Hickman.

A suggestive sign, that over a Hopkinsville barroom: "Marble Works."

Mr. Geo. L. Armstrong, of Nashville, visited his family in this city during the past week.

Messrs. Cantrell, Z. F. Smith and Hardin have all been in our midst, each wearing the smile of a victor.

Hons. J. B. Garnett, R. A. Burnett and J. R. Grace, of Cadiz, are in the city attending our Circuit Court.

Our clever young friend, Howell Tandy, has accepted a situation in the new City Confectionery of S. H. Turner.

Will Hopson, of Canton, Ky., visited his sister at the South Kentucky Female College, on Wednesday and Thursday last.

Mrs. M. C. Galt and her accomplished daughter, from Mayfield, is visiting Mrs. Mary Ford, of the Southern part of this county.

J. D. Ware, of Montgomery county, Tennessee, Samuel E. Thomson and H. O. Grinter, New York, were among the prominent men on our Tobacco Breaks last week.

Our handsome friend, Terry, of Fairview, one of those celebrated bachelors of the "den," honored our sanctum with an agreeable call yesterday.

Once more the fact is heralded that Jim Garrity has been imposed on. His friends actually smuggled him through to the Evansville Mardi Gras, under the guise of a lap dog.

Mr. A. G. Goodwin, who passed through the city Thursday with a lovely belle of Tennessee for his bride, has our hearty wishes for that double handed happiness he so richly deserves.

Our young friend J. B. Galtbreath is a member of the firm of Galtbreath & Co., Commission, Sugar, Molasses, Rice, etc., in Chicago and New Orleans. John's headquarters are in Chicago.

Mr. G. W. Jones, a prominent farmer from Trigg county, has been earnestly solicited to become a candidate for the Legislature. Mr. Jones would make a faithful representative if elected.

Will Hawks, representing the wholesale tobacco and cigar house of Whitworth & Moore, Nashville, spent several days in this city in the interest of his business during the past week. He is a very popular young man and has a host of appreciative friends in our midst.

Our clever friend, Fat Wilson, of Hopkins, candidate for Register, spent only two days in the canvass of this county. We are afraid he is giving too little attention for his own good. However, he is financially unable to make a vigorous fight and we hope adjoining counties will remember this.

That kind hearted, good natured friend of everybody, Penny Turner, has opened a large and fresh stock of Confectioneries, fruits, toys, &c., at the newly renovated stand adjoining Howe's Jewelry Store, Main street, and we trust his good friends will practically remember him. Turner is every one's favorite and justly so too, for we can testify to his honesty, fidelity and merit after a close and intimate acquaintance of about five years. If he does not do a thrifty trade in his new enterprise, then hundreds of capable judges will have predicted to the contrary.

The Turnpike meeting at Liberty, on last Saturday, failed to make a definite decision as to the length the pike should be and will have to call another meeting we presume, at an early day.

The meeting of stockholders of the Christian County Agricultural and Mechanical Association, advertised to convene yesterday, was postponed, until Monday next. All members are requested to attend at the Court House.

The score of the Hopkinsville shooting club, which convened Friday, indicates that there is much latent talent in the membership, which will undoubtedly be felt as soon as Howard Speck ceases his unparalleled record of breaking in thirty two shots every ball except thirty one.

There will be a turnpike meeting at the residence of B. S. Campbell, 4 miles from town, on the old Canton road, on Saturday, the 8th day of March, 1879, at 9 o'clock. The object of the meeting is to devise means for the building of five miles of pike on that road from Hopkinsville. There will be a large and enthusiastic attendance.

The work should have been commenced several years ago. Many of our people have been compelled to take undesirable lots in the old cemetery. —*Wm. E. E.*

"Crucel" fated had enough to be forced to take desirable lots in the new, but when we are compelled to take undesirable lots in the old cemetery, why, it's the very lowest calling from life. Forsooth, it's more "crucel" than publishing the score on G. Howard Speck, or any other man, at a dead-shot, short-ranged shooting match.

Christian County's Fertilizer.

Turnpikes are the best fertilizers for this county. They will bring in industrious, practical farmers to buy our farms at advancing prices that we are now half cultivating. They will thoroughly dig up our rich red clay and double our present crops and tax-payers. Come to the turnpike meeting at Ben. S. Campbell's on Saturday the 8th of March at 9 A. M. and hear sensible men talk of the newly discovered Christian County Fertilizer.

The County Convention.

The Democracy of Christian county met in convention the third day of March, and were called to order by Maj. John Sites, Chairman of the county committee.

On motion, Col. John W. McPherson was elected Chairman, and Nat Gaither and J. D. Hays were chosen Secretaries.

The Chairman stated that the object of the meeting was to appoint delegates to the State convention which meets at Louisville, May 1st. The convention then proceeded to ballot for candidates with the following result:

For Governor, Dr. L. P. Blackburn; for Lieutenant Governor, Jas. E. Cantrell; for Attorney General, Richard A. Jones; P. W. Hardin, second choice; for Auditor, Fayette Hewitt; D. H. Smith, second; Treasurer, J. W. Tate; Register of Land Office, L. Wilson, Boyd, second, Marcum, third; Superintendent of Public Instruction, Edgar, Z. F. Smith second, Pickett third.

On motion, it was resolved that the delegates to this convention and all other Democrats be appointed delegates to the May convention, and that they be instructed to vote as a unit for the above named candidates.

JOHN W. McPHERSON, Chairman. NAT GAITHER, Secy.

The gubernatorial, Senatorial and Legislative Convention in Hopkins County.

At a called meeting of the Democratic County Committee of Hopkins county, held Monday, February 24, 1879, it was ordered that a meeting of the Democratic voters of the county be called to meet in mass convention at the voting places in their respective districts on Saturday, the 5th day of April, to appoint delegates to meet at Madisonville on Monday, the 7th day of April, to nominate candidates for Senator and Representative in the next General Assembly of the State, and that each district shall elect the basis of representation be one vote for every fifty votes or fraction over 25 cast for Tilden and Hendricks; the meeting to be held between the hours of twelve and two o'clock, and a majority vote to carry the full strength of the vote in the nominating convention at Madisonville.

Should any district fail to send delegates to the nominating convention, then the Chairman of the County Committee is empowered to cast the vote of the district in the convention according to the vote cast in the district.

Also on Monday, the 7th day of April, there will be a mass meeting of the Democratic voters of the county held at the court house to appoint delegates to the State Convention, to be held at Louisville on the 1st day of May next.

A New and Convenient Route of Travel from Hopkinsville to Louisville and Cincinnati.

Parties wishing to visit Louisville, Cincinnati and points East, will find it to their advantage and comfort to take a St. L. & E. train via Henderson and Evansville. The Louisville and Evansville Mail Boats make regular trips between Henderson and Louisville. The Grey Eagle, Morning Star, and James Guthrie compose the line, all of which are large side-wheel steamers. Few boats in the Ohio or Mississippi rivers surpass them in beauty, speed and accommodations. The officers are kind and gentlemanly and are always found at their posts. The bill of fare is equal to any hotel. The state rooms are neat and commodious, in fact everything required for the comfort of passengers is at hand and generously dealt out. The Grey Eagle leaves Evansville every Monday at 10 o'clock. On all other days, except Sunday, boats leave as follows: Tuesday 6 P. M., Morning Star; Wednesday 6 P. M., James Guthrie; Thursday 6 P. M., Grey Eagle; Friday 6 P. M., Morning Star; Saturday 6 P. M., James Guthrie. These boats land at Owensboro and all points on the Ohio, between Evansville and Louisville. At Louisville the boats connect with the regular steamers of the U. S. Mail line for Cincinnati and intermediate points. The U. S. Mail line steamers connect with all Eastern trains at Cincinnati. Parties wishing to take the Monday morning boat, Grey Eagle, from Evansville, must leave Hopkinsville on the night train. The noon train north from Hopkinsville connects with the 6 P. M. boats at Henderson and Evansville. Parties wishing to go to Paducah and Cairo, can take boats at Evansville, that run in connection with the above lines.

Bellevue.

Pneumonia prevails to an alarming extent.

Mrs. Frances Baker has been ill, but is now improving.

Mr. C. Donally is just recovering from a slight attack of pleurisy. It was reported last week that he was dead, but the report proves false.

Jack Frost has paid us another visit, but has the bitter cold weather.

Our merchants say business is very dull with them, owing to the fact that but few farmers in this section have sold their tobacco, though the prospects for better business is somewhat flattering, as a good deal of the weed is being hauled to market now. The question has been argued by our farmers, whether it pays to raise tobacco or not. The prevailing idea is that "it does," there has been more extensive preparations made for the next crop than for several years past.

A good many oats are being sown. Some have finished sowing. We think the early sowing preferable as they will mature earlier and are not so liable to take the rust and fall down.

Your correspondent is the possessor of a cat that has a rare fondness for music. When any musical instrument is being performed on the dances, prances, and puts himself in many shapes and becomes very restless, continuing so as long as the music continues. This cat has never been trained, hence the peculiarly causes mention.

Quite an enjoyable affair in the way of a hop was given on Wednesday evening last, by Mr. Wm. A. Rickman, which, in every respect was a grand success. Many beautiful and fascinating young ladies were present, the music delightful, and what more need there be to make it the greatest party of the season?

The Bellevue precinct meeting was held here this afternoon at 2 o'clock to instruct and send delegates to the County Convention, which meets in Hopkinsville, Monday, the 3rd of March. The meeting turned out en masse, those their delegates and instructed them definitely as to their preference, as follows: For Governor, unanimously for Blackburn; for Lieutenant Governor, Cantrell; Auditor, Hewitt; Attorney General, Massey; Superintendent of Public Instruction, Edgar; Register, Boyd. The voting was done in a fair manner, and no one seemed to think that any trickery was used this time as was claimed one month ago. The people took great interest, and we are confident that the delegates are instructed in accordance with the wishes of the Democratic party of this precinct.

Yet a little while and the agony will be over. **SURET FELLOW.** March 1st, 1879.

Letter from Blue Grass.

CARLISLE, Nicholas Co., Ky., Feb. 26th, 1879.

The South Kentuckian.

Nicholas county lies within the famous "Blue Grass Region," and possesses a very productive soil. Thoroughbred horses of racing and trotting stock are extensively bred and exported; sheep, hogs and cattle are also raised in vast numbers. In addition to blue-grass, wheat, oats, hay, and hemp are the leading productions. The main roads of the county are well macadamized, and one branch of the Kentucky Central railroad passes through it. Carlisle, the county seat of Nicholas, is situated on the above named road, midway between Lexington and Maysville, and 7 miles from the renowned Blue Lick Springs. It is a town of about 1,500 inhabitants and of considerable business importance, as it is a very large stock-shipping market. It contains a number of business houses and churches, and has also several schools, one of which is the Kentucky Normal School, under the management of Prof. T. H. C. Vance. The Normal is well conducted and is doing a good work in the education of teachers. The teacher who intends to pursue the profession of teaching, will do well to attend this school. We can say, however, to the student coming that you will be received with that generous hospitality for which Kentuckians are so noted. The people of Carlisle gave, on the 22d, an "Old Folks Concert," which was something new in the way of amusement; it was largely attended and proved a grand success. The singers were arrayed in costumes to
